

MORE FACTS AND FIGURES.

We go to press with this issue of the paper one day ahead of time because we do not want to be placed in the position the Paris Democrat of Saturday put us, that is in being "entire wrong" in regard to the discrepancy in the vote of last Tuesday from the registration, and not have an opportunity to reply before the primary is held. In the first place, we want our readers to understand that the editor of this paper, Swift Champ, is the author of the editorials that have appeared herein and that will appear in regard to this primary. Can the editor of the Democrat say so much for the editorials that he has published on the subject? It has been generally understood that the articles that have appeared in the Democrat were written by Mr. James O'Brien, and we do not believe he will deny it. Mr. O'Brien, it seems to us, ought to be satisfied with running the political machine in the city, without trying to widen his field to the whole county, but politicians as a rule are greedy, and he is no exception to the rule. He first attacked the County Committee and inadvertently brought into his article several of the candidates whom he opposed; then he goes after Combs' scalp, (he probably forgets his old friend Hedger, who removed and named Committeemen at his bidding—Judge Jewell was right, "it's hell," and now attempts to figure us out as "entire wrong." The figures that are on file as records in the County Clerk's office are what we go by and where we get our information. We will not go into lengthy detail, but let's take his "banner precinct" only to demonstrate that we are right in our contention as to the large number of white and negro Republicans registered by the city machine to vote for Hibler. In Paris precinct 2 there were 247 persons who registered as Democrats, and on Tuesday, the Presidential election, there were but 190 Democratic votes cast. Is it possible that 57 Democrats failed to vote in No. 2 on Tuesday last? Then again in said precinct the Republicans registered 55 only, and on election day 74 Republicans voted. Now does it not look rather bad on the face of the returns by just taking his "banner precinct" to demonstrate our contention.

Leaving all this aside the Democrats have gained in the city, and we are ready and do tip our hats to the workers who brought this about, but at the same time give us a "fair primary" as you have stated you wanted and rule out these negroes and white Republicans who have been registered so you can vote them in the Democratic primary.

If you are in earnest about a "fair primary" these Republicans will not be allowed to participate in the primary, as the call by Chairman Morrow is plain and to the point and reads, "Said election will be held under the Primary Election Law now in force, and all KNOWN Democrats, who are legal voters on the day of said Primary, are invited to participate."

THE CLARKE TICKET FOR SHERIFF.

MANY REASONS WHY DEMOCRATS SHOULD SUPPORT THIS TICKET.

THE NEWS up to this time has never taken sides in a Democratic primary election, but taking into consideration the candidates that are before the people for the office of Sheriff and the scheming that is going on to defeat such men, it now declares for the Clarke ticket. We desire to give our reasons in the first place for being for Mr. Clarke for Sheriff.

Mr. E. P. Clarke, the head of the ticket, is a Democrat through and through; he is a brave ex-Confederate soldier; he has never held office except the four years he is now serving as Deputy Sheriff; it has generally been understood in this county that the Deputy Sheriff should head the ticket for Sheriff the following election, and Mr. Clarke says, if elected this time he will never run for another office.

Mr. Al. Thompson, who is on the ticket with Mr. Clarke, is a time-tried worker in the Democratic party, and the only office he has ever held was Representative in the Lower House of the Legislature for two sixty-day terms. He made an enviable reputation in that body for fighting for the common people.

Mr. Clarke's other deputy is Mr. W. F. Talbot, a gentleman who has never held office. He is a dyed-in-the-wool Democrat and has been fighting for the cause all of his life.

Now we will look at the opposition tickets and ask the Democrats of this county if for true merit the above named gentlemen are not entitled to the support of the Democracy of Bourbon over the ticket running against them.

Mr. Hibler is the head of the opposing ticket. He has held office for about ten years—city assessor, city collector and county assessor. But the feature about Mr. Hibler is that his record as a Democrat is not good. When City Assessor he appointed two of the bitterest Repub-

icans in the county as his deputies—Mr. Perry Hutchcraft and Mr. Bob Rose. Mr. Hutchcraft is the man who swore out the warrant several years ago against Mr. Al Thompson in the Federal Court when Mr. Thompson was working in the interest of the Democratic party. Mr. Rose is the man who accompanied the United States Marshal when he went to arrest Mr. Thompson. These two men were Mr. Hibler's deputies when he was holding an office he was elected to by the Democrats, and we hold that he is not the man for the High Sheriff of Bourbon county from a Democratic standpoint. Think of it, two deputies of a Democratic official trying their utmost to send as good a Democrat as ever breathed to the penitentiary for doing work for his party. Who might he not appoint as Sheriff if he wanted a few more deputies for some special cause, or in case of death or resignation of one or both of his regular deputies? If Mr. Hibler appointed such a deputy as Mr. Hutchcraft or Mr. Rose, would the Democrats who propose to vote for Mr. Hibler have any grounds to object? Could not Mr. Hibler close their mouths against any protest by reminding those Democrats that they knew his record about appointing Republican deputies and by their votes at the primary sanctioned and approved of all that he had done.

Mr. Burke, on the ticket with Mr. Hibler, has held the office of Deputy Sheriff for eight years, and if he is not willing to head a Sheriff's ticket by this time he should step aside. He surely does not want a life-time's job as Deputy Sheriff. Has he been a noted worker at all elections for the cause of Democracy?

Mr. Brutus Clay is the other deputy with Mr. Hibler. He was deputy sheriff for four years. Is he known as such a worker in the party that entitles him to any recognition, if so, we have never heard of it.

Let any good Democrat size up these two tickets, and it looks to us he will cast his vote and do all in his power for the success of the Clarke ticket.

If we had no other reason, we would support the Clarke ticket because an effort has been made in Paris to defeat the ticket with a lot of negroes registered as Democrats. As Democrats we want to record our protest against this step. The largest registration of Democratic votes in Paris heretofore was less than 750. The recent registration now on file in County Clerk's office shows a large number of negroes in Paris registered as Democrats and the total, including these negroes, registered as Democrats is 912. Yet last Tuesday the Democratic vote in Paris on Presidential election demonstrates that there is only about 775 Democratic votes in Paris. The negroes registered as Democrats all voted for Roosevelt and when asked the question do not hesitate to say so. Yet these negroes are to be voted in the primary against Mr. Clarke. Are Democrats willing for a primary to be controlled in this way. Once commenced, where will it end? Next time, all the negroes in Paris may be shrewd enough to register as Democrats. It does not keep them from voting the Republican ticket and it enables them to take part in our primaries and helps business by putting money into circulation among the colored population. Every Democrat should put his foot down hard on this movement to thwart the will of the Democracy of Bourbon.

Fire On Scott Avenue.

On Sunday, about noon, an alarm of fire was turned in from box 16, on Scott avenue, which proved to be a large manure pile in rear of Ed. Bedford's training stable burning. It was extinguished by the fire ladders in short order. If the wind had been in another direction at the time, the stable and a number of fine trotters would probably burned.

At 4:30 o'clock the department was again called to the scene where the pile was burning briskly but was soon extinguished.
